CANADA'S DIAMOND JUBILEE

This year Dominion Day will mark the sixtieth anniversary of the completion of the Canadian Confederation. Canada is a vast country. Its various sections present a diversity of geographic and economic interests. Nevertheless they all subordinate their differentiating elements to the higher idea of unity and contrive to carry on as a nation.

The British North America Act, which is regarded as being in a sense the Constitution of Canada, is a document steeped in the principles of fairness and justice. We have here the situation of a distinct national and racial group, cherishing its peculiar characteristics, living in the midst of an alien environment, enabled by the constitution to maintain its integrity. There are people in Canada who are borne away by their own prejudices and preach and practice bigotry. Such people, vociferous and obtrusive as they often are, are however carrying on in a manner contrary to the spirit of true Canadianism. Canada has attained a very high level of national decency in evolving a modus for the peaceful existence of the French and English races, side by side, each according to its own fashion and light. It is unnecessary to go into the practical considerations which dictated the granting to the French of the large measure of cultural autonomy which they enjoy. The fact remains that in Canada the experiment of the exercise of national and cultural rights by a minority group implies a spirit of tolerance and broad-mindedness which is inconceivable, for example, in the country to the south of us.

The Jewish people of Canada are cognizant of the fact that Canada is a land of freedom, and are appreciative that the founders of its national unity were inspired by the ideal of national fairness and justice.

WELCOME TO DR. LEVIN AND MR. USSISHKIN

Canadian Jewry will welcome to its midst its old favourite, Dr. Schmarya Levin, who is coming to Canada to attend the Zionist convention. Dr. Levin has for many years played the part of mentor and guide to Canadian Zionism. The Zionist organization of Canada is now sorely in need of guidance, and it is to be hoped that Dr. Levin will come to its assistance.

Mr. Ussishkin, who is also coming to attend the Zionist convention, has for many years been recognized as one of the strongest men in the World Zionist organization. Ussishkin is a man of indomitable courage and tremendous power of will. He has never been in Canada before, and there are a host of admirers who will be eager to hear this remarkable person. An effort should be made by Toronto Zionists to have the "strong man" of the Zionist Organization make an appearance in this city.

THE AMERICAN ZIONIST CONVENTION

At the time of this writing no reports have as yet come from the scene of the American Zionist Convention, which is taking place this week in Atlantic City. That reorganization is urgently needed in American Zionism is generally taken for granted. It is only a question as to how strongly the present administration is entrenched in office and the resistance it will offer to attempts to dislodge it. One of its unfortunate breaks during the past year was its quarrel with the J.D.C., which forced Weizmann into an unpleasant position in undoing the mischief. There is also the incident of the "Zionist Commonwealth" failure which reacts unfavourably on the record of the administration. American Jewry is taxed with a large measure of the responsibility for seeing the Palestine venture through, and the Zionist organization is the agency upon whom devolves the task of securing widespread support in America.—A.B.B.

CANADIAN CANDY PRODUCTS

The public will be interested to know that New Canadian Candy Stores, Montreal, is soon to have a chain of entirely new candy stores operating under the trade name of Cleopatra Candy Shops.

The proprietors of this new enterprise have secured, as a first link in the chain, the splendid store situated at the corner of St. Catherine and City Councillor Street and are decorating the interior after a style which will be carried out in all their branches when suitable locations can be secured. The interior decorations now approaching completion seem to strike the predominating note of simplicity and cleanliness. The Cleopatra Kitchens on Bleury Street, where all confectionery which will be sold in these stores are made, is equipped with the most modern appliances used in the making of candy and is the last word in cleanliness. Here a thoroughly trained staff of busy workers, under the supervision of experts, are turning out the most delicious candy made from "Old Time" family recipes and is in every sense of the term "Home Made Candy."

The Management hope to have everything in readiness for their opening by the end of this week and feel confident that in presenting to the people of Montreal their boxed product known as Cleopatra Chocolates, they will be giving the best in the art of candy making.

If June is the month for brides it is also the month when parents and students hear wholesome truths and valuable advice. Two speakers at a meeting in Kansas City, Mo., recently delivered themselves of opinions which deserve wide publicity among Jewish parents. They were Miss Jessie Burrall, of Stephens College, and John Brown, president of the John Brown School.

Miss Burrall charged that too many "mammas' boys" are being reared. The average mother pampers her son, gives him free rein, lets him lie late abed and may even serve him breakfast there. When he marries early he leans on his wife and represses her and unhappiness and divorce are frequently the result. Parents who are over-solicitous lest their children suffer the hardships they themselves have known constitute a grave moral and industrial problem, said Miss Burrall. They coddle and pamper their children and educate them to idleness.

Mr. Brown laid part of the blame at the door of the school. The school system stresses too much the cultural education to the exclusion of the vocational. American parents don't want their daughters to learn to cook or their sons to learn to work, said Mr. Brown. The boys learn to do nothing rather than to succeed their fathers in their trades. Ninety per cent. of the school students are being prepared for white-collar jobs, while the population can absorb only ten per cent. A lot of fiddlers are being turned out, persons untrained to work. Mr. Brown called attention to the fact that the number of skilled workers from abroad is being decreased due to present immigration restrictions and the nation is not educating persons to take the place of those excluded. He predicted the time when loafers and applicants for desk jobs will over-run the country and there will be no one available for necessary labour.

These speakers are right and their words are golden because they are made of common sense. Common sense does seem at a premium when Jewish girls are purposely kept away from household duties and conserved for the higher life of mah jongg and when in a family of growing boys a man must be paid to shovel snow, tend the furnace and mow the lawn. This condition seems more marked in the Jewish communities in Canada than in the States. When all other badges of true elegance are lacking among parents who once had nothing, the most popular one for the children is that of idleness. In the little republic of the home Jewish children are too often deprived by indulgent parents of the right to do their share in small tasks, so that it is no wonder they grow up without a sense of responsibility. The high school boy who is entrusted with a motor car until all hours of the night and his sister pushed into the marriage market in her early 'teens with all the showy trappings of hotel luncheons and teas, can not be blamed entirely when adulthood finds them unwholesome, lacking ideals and a sense of proportion. Some of the credit for the final effect should go to the folly and stupidity of parental over-indulgence.

If Mr. Brown's prediction comes true and the country eventually is ridden with white-collar job-seekers, no people will have a stronger representation than the Jewish people. Although it is already difficult, in the prosperous United States as well as in Canada, for a young Jewish doctor or lawyer to establish himself, the supply keeps coming, often at the cost of great sacrifice on the part of parents. The rich usually go into their fathers' businesses and so it is the poor family from which the over-abundant Jewish professionals come. Most Jewish girls among the well-to-do go to college to kill time, waiting around. Where is the disgrace in also teaching them to be useful as excellent household managers or even as workers at some occupation in the event they need to earn money some time? There is nothing new or startling about this question and the answer is equally undistinguished. The entire above subject is merely one of the signs of even the chilliest June, brought forward yearly by many who still hope for the rule of common sense some day. **f.f.c.**

"In Summer particularly"

The thought of hot, steamy laundry work done at home is repugnant to most housewives. And, after all, with our modern family wash service available at such a moderate cost, it does seem ridiculous to use any other means of handling the home wash problem. Five different kinds of service offer a choice sufficiently wide to meet any possible household wash requirement. We would be very glad to explain our different services and prices. Phone any time.

EVER BEEN TO A COUNTRY THAT'S A SPIDER WEB OF LAKES?

Why don't you have a new sort of holiday this year. Up in the Lake of Bays region you'll find a land of lakes that will add a new thrill to your vacation time. Amongst the forests and lakes nestle little resort colonies, tiny cottages and modern hotels. Here all summer fun is at its best—canoeing, swimming and other aquatic sports—tennis, golf and dancing in abundance. We have prepared a booklet describing the Lake of Bays in detail. Any Agent of Canadian National Railways will gladly supply you with one of these entirely free of charge.

ALGONQUIN PARK — MAGIC WORDS TO THE FISHERMAN AND CANOEIST

Even thinking about a holiday in Algonquin Park will make your eyes brighter and your step lighter. In these thousands and thousands of acres of northern forest reserves, you can have a vacation that will quickly rid you of that jaded feeling that always seems to come with the passing of winter and spring.

Algonquin Park is one of the finest fishing districts in Canada. The fighting varieties are all there—small-mouthed bass, big lunge and speckled trout. Hundreds of miles of waterways, free camping places without number, good hotels, agreeable companionship—here are all the ingredients of the finest holiday you have ever had. Highland Inn and camps, owned and operated by Canadian National Railways, opens for its season on July 1st and reservations are already pouring in. If you want to know more about Algonquin Park and its hotels and holiday facilities, there is an illustrated folder waiting for you at the nearest office of Canadian National Railways.

The Governor of the Kirk Kilisse, Thrace, prohibited Shehitah in that province. All efforts on the part of the Jewish community of Constantinople to have the prohibition removed have proved fruitless.

WATER POWERS

Tallow dips and oil illuminated the labors of Confederation, but distant falling waters driving quietly humming turbines will both literally and figuratively make the Jubilee celebrations a blaze of glory.

Canadian water power developments have contributed in no small measure to the up-building of our vigorous young nation, whose sixtieth birthday we celebrate on July 1st.

The per capita consumption of electric power is now one of the barometers of prosperity, and it is significant to Canadians collectively and the individual investor that in this respect Canada now leads the world.

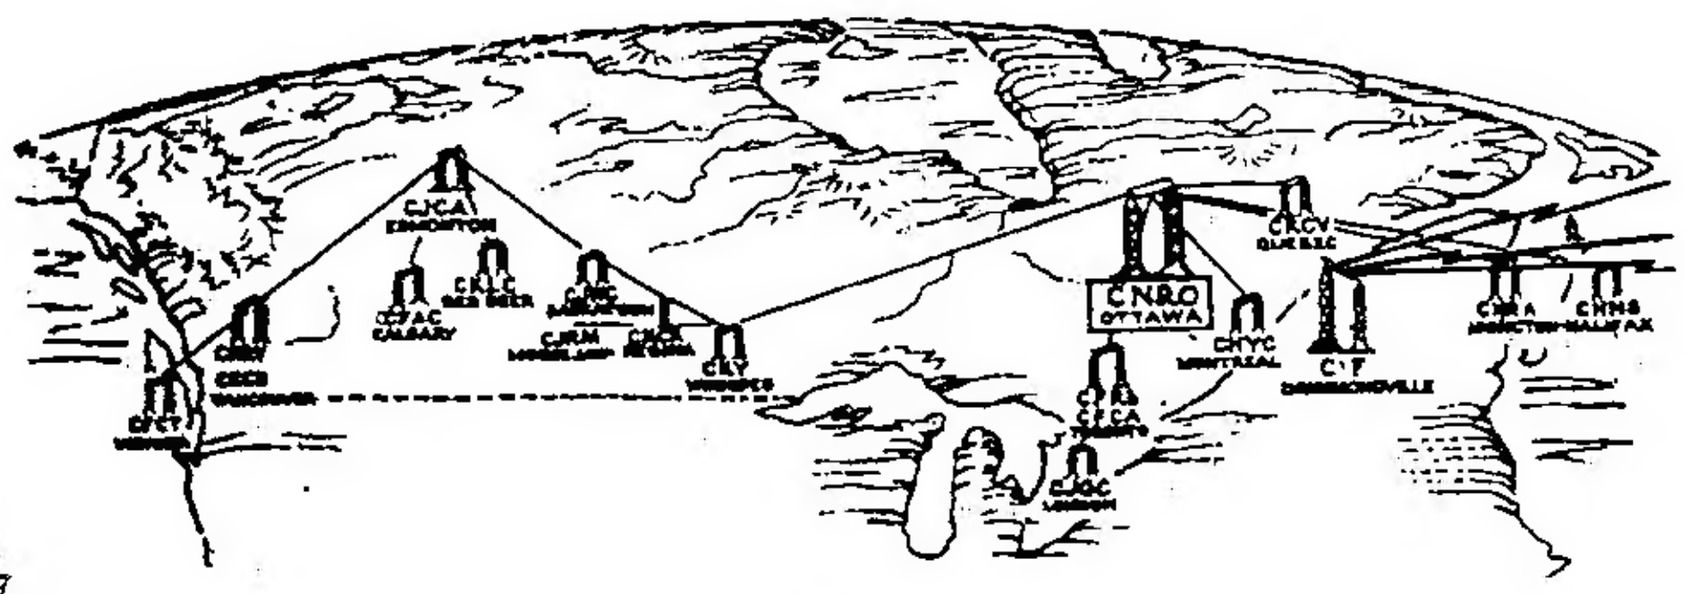
JERUSALEM MUNICIPAL ELECTIONS

The four Jewish candidates for the Jerusalem municipality were all elected unopposed. They are: Isaac Ben-Zvi, Isaac Eliashar, Haim Solomon and Eliah Shama. All the Arab candidates who were supported by the Jews were also elected by large majorities. They Mayor of Jerusalem, Ragheb Bey Nashshibi, was practically elected by the Jewish vote, having received 1,159 Jewish votes, 645 Moslem votes and 544 Christian votes. It is believed that the Jewish representatives will hold the balance of power in the new executive, as between the two opposing Arab parties.

Colonel Symes, the Chief Secretary of the Palestine Administration, assured a Jewish delegation that the Government will soon start large building operations, by which many of the unemployed would obtain work. He declared that the Government has lost a great deal through the present economic crisis in Palestine.

Broadcasting Canada's Confederation Jubilee



The picture map above gives a comprehensive idea of the most extensive tie-in of radio stations ever attempted in Canada and possibly in the world. The tie-in links 19 radio stations, with CNRO at Ottawa as the key station and Marconi beam station CF at Drummondville which will re-broadcast on a short wave-length to the British Broadcasting Company in England, which in turn will broadcast to European receiving stations. By means of this tie-in of Canadian radio stations the world will hear not only the special Jubilee radio programme on the evening of July 1st, but also will listen to the initial peal of the carillon in the tower of the Parliament Buildings and also to the speeches by the Governor-General, Prime Minister and others. The tie-in involves approximately $3,000,000 of equipment and if undertaken on a commercial basis would have cost approximately $1,000,000 more to establish.

Where's the Money You Promised?

Editor,
CANADIAN JEWISH REVIEW,

Permit me through your valued columns to place the Federation situation before our Jewish community.

The past two weeks there has been no money for relief. Neither last week nor this week could the Federation send out its weekly cheques to the 100 or more poverty-stricken families dependent upon the Federation. This is because Federation subscribers do not pay their subscriptions. There is over $11,000.00 due the Federation and not one cent in the treasury.

Responsibility for this situation rests squarely with the Federation subscribers. They have been notified time and again of the desperate need for money. The larger subscribers are all paid up but over 200 of those paying from $25.00 to $200.00 a year owe for one-quarter or more. Over 500 of those paying less than $25.00 owe for one-quarter or more.

From January 1 to the end of May of this year, out of $39,473.00 received, $20,402.00 was spent for relief. This is a splendid proportion, but the Federation can do no more. We owe over $1,500.00 to these poor families already and over $4,000.00 to our other organizations.

Times may be bad; business is no doubt slow; but how many of our members, and for that matter of others who are not and should be members, have had to forego their "three squares" a day? How many have had to face hungry children with no bread in the house, and no money, anxiously waiting for the Federation cheque, which during the last two weeks never came? Sincerely yours,

JOSEPH A. WOOLF,
Executive Director, Federation of Jewish Philanthropies.

J. I. A. S.

J.I.A.S. (Jewish Immigrant Aid Society of Canada) locates relatives of immigrants, renders personal service to relatives on arrival, meets all immigrant trains, and cares for arrivals until they are settled. There are fifteen trains on an average per month arriving in Toronto, carrying two hundred immigrants destined to Toronto and various other Ontario cities and towns. Many immigrants often going west, pass through Toronto on their way, and as practically all trains change here, a representative of the J.I.A.S. takes care of these people until their trains are made up, giving them food at the station, and looking after their wants until they are put aboard, with the necessary instructions to the conductor. J.I.A.S. in Toronto is approached daily by twenty or twenty-five people, for personal service and advice relating to immigration problems.

In one case a man called who had known nothing of his father for fifteen years except that he was somewhere in the United States. The Toronto secretary wrote to five different Jewish agencies in the States and after three months of search succeeded in reuniting father and son. J.I.A.S. acts as clearing house for letters received from people in Europe for transmission to relatives in Toronto. Although the majority of these letters have no Toronto address, the Toronto office is successful in most cases in locating these people and handing over the various letters and information. An average of fifteen letters per week is received for transfer.

This society acts as interpreter for many people who wish to bring their relatives from Europe who are admissable under the present Immigration Law, P.C. 534, which allows parents, single sons and daughters, and single brothers and sisters to come forward without any difficulty. Forms are filled out at the office and the representative makes the necessary appointment with the local office, in order to have the forms accepted. European visas are not the only kind sought. Many people come to this office for assistance in affecting a legal entry into the States. Many people whose names have been on the Russian or Polish quota list, and who are called to the American consulate office, have no idea of the proceedings in order to facilitate their entry into the United States.

A man who came to Canada together with his family four years ago was called to the American consulate office. Although having lived here for four years his English was still very limited, and he turned to the one source which would assist him gratis, as he could not afford to pay lawyer fee. In order to complete the visas which had to be obtained for seven people, it was necessary to secure twenty-one documents, and with the aid of the J.I.A.S. this was accomplished free of any charge. Oftentimes for reasons such as inability to pass medical tests, likelihood of becoming public charge, errors in the original application forms, etc., immigrants are detained at the port of entry. J.I.A.S. acts as lawyer, taking their cases in hand, straightening out the difficulty and in most cases succeeding in having the immigrant admitted. During the last eight months fifty refugees have arrived in Toronto, who had no relatives in the city, and who depended entirely upon this society for establishment. A man who with his wife and two children arrived in Toronto five months ago, could not find work in his trade. A loan was given to this man so that he could start a small business of his own. To-day, only four months since he commenced, he has another man working for him.

NORTHERN ONTARIO CANADA

Northern Ontario, now open for settlement at fifty cents per acre, contains millions of acres of the finest agricultural land in the world. Its resources in lumber, minerals, water, power, fish, game and scenery are immense. The land calls for men to cultivate it, and in return will give health, comfort and prosperity.

What settlers say of the soil, climate, farming and forest life, is told in a most attractive booklet issued under the direction of the Honourable John S. Martin, Minister of Agriculture for Ontario. Full instructions in regards to acquiring a title to these rich agricultural lands are also given.

It pays to keep your refrigerator well filled with ICE

YOUR milkman and your grocer guard your food for you, up to the time it is delivered, by keeping it ON ICE CONSTANTLY.

How wasteful, then, to let food deteriorate and lose flavor by not keeping it in a well iced refrigerator in your home—right up to the minute you are ready to cook or serve it.

It costs less to keep your refrigerator well filled with ice all the time than to let the ice run low. The refrigerator keeps colder and the ice melts more slowly.

Food is Expensive—Save it with ICE

We repeat this old saying for the consideration of our customers and future customers, but we add a word pertaining to our Ice Cream. The ingredients themselves are the best that money can buy—we exercise the sense of selection to the extreme.

People who visit our plant are always impressed with our ways and means. Our Ice Cream simply "has to be good." The most popular flavor in plain Ice Cream the world over is Vanilla. Our conception of Vanilla Ice Cream has been commented on by very worthy authorities on many occasions.
